Education

B.Sc. Engg. in Computer Science and Engineering — **Khulna, Bangladesh**
Khulna University — *2023 – present*
Result: YGPA 3.90 / 4.00 (Ongoing)

Higher School Certificate (HSC) — **Jashore, Bangladesh**
Govt. Michael Madhusudan (MM) College — *2020 – 2022*
Result: GPA 5.00 / 5.00 (Science)

SSC and JSC — **Jashore, Bangladesh**
Jashore Zilla School — *2012 – 2020*
Result: GPA 5.00 / 5.00 (Both, Science)

Projects

SportoStream
C++, Qt Framework, SQLite, Web Technologies — *Duet Project*
Sports **Streaming Overlay** & **Real-time Scoring** System for Cricket, Football, Volleyball and Table Tennis.

- Led system architecture, database design, class design, overlay server & database manager implementation, and Qt UI development.
- Implemented a real-time scoring update system that synchronizes match data with a remote web server for public viewing through a website (like CrickBuzz).

PlaylistCcompanion
C++, Qt6, SQLite — *Personal Project*
Cross-platform Local Video Playlist Management Tool

- Built a GUI application to track progress through local video tutorials and playlists, featuring automated folder scanning and metadata extraction.
- Implemented persistent note-taking and detailed learning analytics, including time-remaining calculations and completion statistics.
- Utilized a SQLite backend for reliable data persistence and built-in simple backup/restore functionality.

Mass Certificate Generator (MCG)
GUI Development, PDF Automation — *AUR — Personal Project*
Automated Bulk Certificate Generation Tool

- Created a pipeline-based GUI tool to generate personalized PDF certificates from CSV or Excel data sources.
- Features include real-time live preview, coordinate calibration for precise text positioning, and custom font management.
- Developed session persistence to allow users to save and resume complex configurations.
- Packaged, submitted, and maintained on Arch User Repository (`mass-certificate-generator-bin`).

SmartXm – Cross-Platform AntiCheat Exam Management & Judge
C++, Qt, Qmake, MySQL/MariaDB, SQLite, Native Sockets — *(Under Development) Group Project*
A cross-platform desktop application for secure university lab exams in isolated networks combining client-server communication, sandboxed execution, and offline auto-judging for reliable cheatingless exam delivery, submission and evaluation pipeline.

- Architected and implemented local and remote server networking, including native socket communication for isolated lab environments.
- Designed and implemented the user interface and integrated an in-app PDF exam viewer and IDE for exam delivery and submission.
- Delivered a cross-platform solution with multi-threaded networking and persistent database adapters using Qt 6 modules (Core, Widgets, Network, Sql, Concurrent, PDFWidgets).

Course: Software Engineering and Information Systems Project — Teacher: Prof. Dr. Kazi Masudul Alam

KU-Class-Routine-Generator
Python, PySide6, C++ *Group Project*
Automated Class Routine Generation System for KU with Credit-Based Scheduling

- Designed and implemented the graphical user interface with PySide6.
- Contributed core scheduling algorithms to efficiently resolve conflicting class assignments and time slots while optimizing room utilization.
- Conducted testing to ensure algorithm correctness and system reliability under various constraint scenarios.

Course: Algorithms Laboratory — Teacher: Sajib Chatterjee

tbtKU Suhrrid (Suhrrid)
Database Design, MySQL, PHP — *Group Project*
A marketplace and accommodation management platform for Khulna University students.

- Architected and implemented a web-based system for managing off-campus accommodation listings and a marketplace for pre-owned items.
- Integrated university ID-based email authentication and an administrative dashboard for moderation and analytics.
- Implemented automated advertisement lifecycle features, renewal notifications, and a threaded commenting system to support user interactions.

tbtKU Website
PHP, MySQL/MariaDB, Web Hosting — *Hobby Project*
Website of Thoughts Behind the KU (tbtKU), a campus platform with 146k followers.

- Contest management system for online contest hosting, submissions, judging, and moderation.
- Short stories submission automation, other campus utilities such as academic disciplines, club hub, rag corner, memorial hub, transport schedules, and emergency contacts.

JAVA GUI Application: Student-Person Database
Java, Swing, OOP — — *Group Project*
Object-Oriented Record Management System Desktop Java GUI Application

- Implemented a student record management system in Java using Java Swing, focusing on Object-Oriented Design principles.
- Implemented data persistence using serialization and deserialization to manage student profiles.

Course: Object-Oriented Programming Laboratory — Teacher: Prof. Dr. Md. Anisur Rahman

Quote of My Day
C, leif, CLI & GUI — — *Personal Project*
A lightweight desktop CLI and GUI application written in C to provide daily motivational quotes from a pre-determined 31-day collection

Experience and Achievements

Professional Development
Certifications and Involvements *2025*

- Member of *team Smart Wheelchair* in **Innovation Cohort** of University Innovation Hub Program (UIHP), Khulna University.
- Completion of **Matlab Onramp** by MathWorks.
- Participation in **KUAA Job Fair 2025**.

Participation in Competitions
Competitions *2019 – 2025*

- Finalist in the **Hult Prize Bangladesh Nationals 2026**.
- **Champion** in the **Hult Prize at Khulna University 2026**.
- Finalist in the **National AI Artathon 2025**.
- Other Participations: Project Showcasing at **SparkTank 1.0** (2025), Innovation Showcasing at **SynergyX 2024**, 3rd Position in Essay Writing Competition in 2020, National Science Olympiad in 2019.

Workshop Conducted
Workshops *2023*

- **Introduction to Git and Github** from CLUSTER (Session Recording:)
- HZBRL: Intro to Project Development (Slides)
- Many more sessions and workshops for CSE Discipline, Khulna University.

Workshop Participated
Workshops *2023*

- Attended "Mastering Your Thesis: From Draft to Defense (Session 2.0 and 1.0) arranged by Khulna University Research Society (KURS)".
- Attended "Information Technology related training workshop towards building Digital Bangladesh".

Awards and Honors
Academic & Civic *2023 – 2024*
- Awarded **Merit Scholarship** for academic excellence in 2025 by Khulna University.
- Secured **First Position** in 1st year 1st term examination with 3.95 TGPA.
- Awarded **Student of the Month** twice by the Deputy Commissioner of Jashore.

Problem Solving
Competitive Programming *Lifetime*
Solved 109 problems on Codeforces and 61 problems on Leetcode.

Tech Milestones
Technology *2009 – present*
- Began using **Ubuntu in 2015** and adopted **Linux as the primary operating system in 2021**.
- Began using a **personal computer in 2009** and have since developed extensive hands-on experience with diverse applications and operating systems.
- Deployed and tested *tbtKU-telegram-bot*, a Telegram chatbot, on a **Microsoft Azure VPS** in 2024.
- Established and maintained a **personal homelab server** in 2025, supporting self-hosted drive, photo, archive, and Git services.

Skills and Interests

- **Programming Languages:** C, C++, Java, Python, PHP, Rust (Novice), SQL (MySQL, SQLite), 8086 Assembly, x86-64 Assembly, Arduino
- **Technologies & Tools:** Qt, Pandas, Matlab, Manim, LaTeX, Bash, Git, Linux, Docker, Basic Networking, Troubleshooting
- **Languages:** Bengali (Native), English, Arabic (Reading), Hindi (Speaking, Understanding), Japanese (Beginner)
- **Soft Skills:** Graphic Designing (Inkscape), Video Editing (Kdenlive), Exploration and Intelligence Collection, Ambigram Creation
- **Interests:** Parallel Computing (CUDA), Bots and Automation, Software Development, UI/UX Design, Japanese Anime and Manga, AAA Video Games, Tech Exploration, Content Creation, Tech Blogging, and more.

Leadership and Experience

Joint Secretary
***Club for Updated Search on Computer (CLUSTER)**, CSE Discipline, KU* *2024 – present*
Conducting and organizing events and workshops, negotiating MOUs, and managing club activities.

- Worked as **Assistant IT Secretary** in CLUSTER Executive Committee 2025.
- Worked as **Member** in CLUSTER Executive Committee 2024.
- Played key leadership roles in organizing SynergyX 2024, Spark Tank 1.0, and Spark Tank 2.0.

Admin
Thoughts Behind the Khulna University(tbtKU) *2024 – present*
- Promoted to **Admin** of tbtKU (a platform with over 146K followers) in 2026.
- Promoted to **Moderator** in 2025.
- Nominated as **Junior Creative Visualizer** of tbtKU's first Executive Committee in 2024.

Campus Coordinator
Youth Upskill Network (YUNet), Khulna University *2026 – present*
Leading campus activities and skill development programs.

Web Developer
Hierarchy Communications *2025 – 2026*
Serving as a part-time Developer in some projects.

Social & Community Contributions

Volunteering Activities

- Added 106 KM of roads to **Google Maps** as **Google Maps Local Guide** level 7.
- Made approximately 100 edits to **OpenStreetMap**, maintaining up-to-date map data for Khulna University.
- Contributed images to **Wikimedia Commons** and made contributions to **Wikipedia**.
- Conducted multiple guideline and programming sessions for junior students.
- Served as a Campus Ambassador for several events (e.g., Seba Platform presents SOLVIO AI Hackathon).
- Currently writing **"Vitamin C Programming Book"**, an introductory C Programming book for beginners.

Membership/Fellowship of Learned Societies

- Student Member, IEEE Bangladesh Section. Membership ID: 100043339.
- CS Student Member, IEEE Computer Society. Membership ID: 100043339.
- Petioner of IEEE Computer Society Khulna University Student Branch Chapter.

Personal Information

- **Date of Birth:** 16th August, 2003
- **Nationality:** Bangladeshi (by birth)
- **Blood Group:** O (+ve)
- **Parents:**
  - Father: Kazi Abdul Hannan (Retired Professor, 14th BCS)
  - Mother: Sahana Parvin (Housewife)
- **Permanent Address:** 20/2, B. K. Brahmapara Road, Arambag, Banorgati, Sonadanga, Khulna-9100
